Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Selections From the Qur an The force and meaning of the Qur an can only be rightly understood by constant reference to the life history of Muhammad, whose mental development and religious conviction dominate the whole book. For the casual reader this is very difficult owing to the confused arrangement of the matter of the Qur an. Broadly speaking, the 114 chapters (surahs) are arranged in order of mass from the longest to the shortest. In the main this is an inversion of the chronological order, for the earliest utterances are confessedly those shortest ones which come near the end. Besides this there is a good deal of dislocation of matter, later revelations being joined up with earlier ones on the same subject or for other reasons not now discernible. The great prominence given in the Qu ran to the idea of written revelation confirms the statements of the Moslem traditionists that, after the Prophet had recited his oracles to his followers, they not only memorized them but wrote them down. These writings, however, were not collected into one volume till after Muhammad s death. In A.H. 12 the first Caliph Abu Bakr commanded Muhammad s secretary, Zaid ibn Thabit, to do this important work which he is said to have accomplished with laborious care.
