Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Do we need another book on health care? Health care is a hot topic and many would like to learn how it works in the world, how we in this country are different from other nations, and why. To many it is especially important because they (as millions of others) are learning through their own experience how the new health care system "Obamacare" works. People will have many questions, and the book responds to them in a thoughtful and concise way as it has scrupulously analyzed the American health care system (its past and present), and has provided a detailed comparison with those of other countries. This book also differs from other books on health care because its sources of information are available to everyone: the Internet. However, reading this book will be different from simply surfing the Worldwide Web because not only has the author found interesting and important information, he has also selected it critically, rejecting biased or outdated material. Having unearthed a vast trove of information on health care in the United States and six other nations (Canada, France, Germany, Japan, England, and Israel), the author invites the reader to accompany him on a journey through different health care systems to explore ideas and practices that inspired other nations. None of the systems visited is fully appropriate for imitation, although a careful analysis and a lot of critical thinking would allow reader to better understand the Americas system. The content of the book is as follows: Introduction: Why This Book? It discusses the concept health-care-for-all and the conundrum: Is health care a right, or a commodity? The polarization in America between the...
