John Wiley Sons Inc, United States, 2016. Paperback. Book Condition: New. 2nd Revised edition. 227 x 155 mm. Language: English . Brand New Book. Now updated and expanded, *People and Nature* is a lively, accessible introduction to environmental anthropology that focuses on the interactions between people, culture, and nature around the world. * Written by a respected scholar in environmental anthropology with a multi-disciplinary focus that also draws from geography, ecology, and environmental studies * Addresses new issues of importance, including climate change, population change, the rise of the slow food and farm-to-table movements, and consumer-driven shifts in sustainability * Explains key theoretical issues in the field, as well as the most important research, at a level appropriate for readers coming to the topic for the first time * Discusses the challenges in ensuring a livable future for generations to come and explores solutions for correcting the damage already done to the environment * Offers a powerful, hopeful future vision for improved relations between humans and nature that embraces the idea of community needs rather than consumption wants, and the importance of building trust as a foundation for a sustainable future.
