## FLATLAND: A ROMANCE OF MANY DIMENSIONS BY A. SQUARE (PAPERBACK)

Penguin Books Ltd, United Kingdom, 1999. Paperback. Book Condition: New. 194 x 128 mm. Language: English . Brand New Book. A romance of many dimensions that has fascinated generations of readers with its clever blend of social satire and mathematical theory, the Penguin Classics edition of Edwin A. Abbott s Flatland introduction by Alan Lightman. A work that continues to pose provocative questions about perception and reality, Flatland is a brilliant parody of Victorian society where all existence is limited to length and breadth - its inhabitants unable even to imagine a third dimension. The amiable narrator, A Square, provides an overview of this fantastic world - its physics and metaphysics, its history, customs and religious beliefs. But when a strange visitor mysteriously appears and transports the incredulous Flatlander to the Land of Three Dimensions, his world view is forever shattered. Written more than a century ago, Flatland conceals within its brilliant parody of Victorian society speculations about the universe that resonate in Einstein s theory of relativity as well as the current string-theory of nature. Edwin A. Abbott (1838-1926) was a leading scholar and theologian of the Victorian era. If you enjoyed Flatland you may like H.G. Wells The Sleeper Awakes , also available in Penguin Classics .
