Filiquarian Publishing, LLC., United States, 2006. Paperback. Book Condition: New. Brief ed.. 226 x 147 mm. Language: English . Brand New Book. It has been said by one of the greatest of English writers on parliamentary law: Whether these forms be in all cases the most rational or not is really not of so great importance. It is much more material that there should be a rule to go by, than what that rule is, that there may be a uniformity of proceeding in business, not subject to the caprice of the chairman, or captiousness of the members. It is very material that order, decency and regularity be preserved in a dignified public body. This work is the in brief version of Robert s Rules of Order. Originally published in 1875, Roberts Rules of Order is a manual of rules for deliberative assemblies and is often used in business, government and other governing bodies.
