Nerve Centre (Paperback)

By Dale Brown, Jim DeFelice

HarperCollins Publishers, United Kingdom, 2002. Paperback. Book Condition: New. 174 x 114 mm. Language: English . Brand New Book. The second in a new series of high-tech, military-adventure thrillers centred on Dreamland, a top-secret weapons research centre, from the acclaimed author of FLIGHT OF THE OLD DOG and WARRIOR CLASS. Hidden in the Nevada desert is Dreamland - an advanced aerospace-weapons testing facility where the best of the best develop artillery and aircraft that push beyond the cutting edge. Dreamland's latest project is Flighthawk - an unmanned aerial-attack aircraft. To help pilots master the complex remote-flying skills required to control it, a high-risk system is being trialled, in which a microchip is implanted in the pilot's skull. Initially, all goes well for the first volunteer, Army Captain Kevin Madrone. But the psychological stress proves too much - and suddenly Madrone disappears, armed with one of the most powerful weapons in the world.

Reviews

A very amazing ebook with lucid and perfect answers. it was actually writtern quite flawlessly and useful. Its been written in an exceedingly basic way and it is simply right after i finished reading this publication in which basically changed me, change the way i really believe.

-- **Garett Stanton**

It is an awesome pdf i have possibly go through. It really is filled with wisdom and knowledge You will not really feel monotony at whenever you want of your time (that's what catalogues are for relating to in the event you ask me).
