SPARK: HOW CREATIVITY WORKS

HarperCollins Publishers Inc. Paperback. Book Condition: new. BRAND NEW, Spark: How Creativity Works, Julie Burstein, Kurt Andersen, How did Richard Ford's cat influence his work as a novelist? How is Chuck Close's portraiture driven by his inability to remember faces? What pivotal moment helped Rosanne Cash understand the healing power of the stage? Creativity is an elusive subject. We enjoy its fruits-movies, novels, paintings, songs-but rarely are we privy to what happens in the creative process. In "Spark", Julie Burstein traces the roots of some of the twenty-first century's most influential and creative thinkers, including Joyce Carol Oates, Yo-Yo Ma, David Milch, Isabel Allende, and Joshua Redman. Burstein pulls back the curtain to reveal the sources of these artists' inspiration and the processes that bring their work into being. These artists may not change lead into gold, Burstein writes, but they lift materials from their familiar contexts, combining, reshaping, transforming them into works of art that change the way we see the world. "Spark" is an invaluable resource for the aspiring writer and artist, but the need for creativity extends well beyond the world of paintbrushes and typewriters. Creativity is integral to business, parenting, education, science, and, perhaps most poignantly, our personal relationships. Rarely do books on creativity illuminate and inspire; this marvelous volume will help you find a spark of your own.
